HEAD COACH DAN MULLEN

November 19, 2016

Arkansas vs. Mississippi State

Opening Statement

“I want to thank the seniors. I know this is a tough way to go out with our last home game and not finishing on top. We have had a lot of great memories in this stadium. I wish we could have given them a win tonight, but we have to get back to work and get a plan together to move forward and play a little bit better.”

On what was allowing Arkansas to keep getting down the field ...

“I think we had some missed tackles. We had some poor fits and didn’t do a good job of setting the edge of the defense. We didn’t execute clean. There was a combination of different things there, obviously. When you give up that many yards, it isn’t one thing. It’s several different things.”

On 10 plays of 20 yards or more for Arkansas in the first half...

“Some of the passes were poor communication, or we just got beat one-on-one. I don’t have the tally on missed tackles; those are cleaner to the naked eye than maybe the missed fits. If all the sudden someone fits in the wrong gap, or something of that nature, you can’t give up explosive plays like that and expect to win games.”

On how big a swing scoring three-straight times in the first half was for Arkansas...

“I think it was huge and that is on me because we knew they could score points. We had about two or three drives in a row where we didn’t execute clean and had to punt. So offensively, when you know you are going to be in a high-scoring game, you have to be clean offensively and keep matching them score for score.”

On if he expected Arkansas to come out and play like they did ...

“Yeah, I knew they were a pretty good offense. Their quarterback executes very well. They run the ball well. It was a shootout last year, so I expected it to maybe be a similar deal this year. We missed those two possessions and that ends up being really the difference in the game.”

HEAD COACH BRET BIELEMA

November 19, 2016

Arkansas vs. Mississippi State

Opening Statement

“I really like the way our guys responded after starting back on Sunday. It was a week that we kind of had to get right personally, and our guys took a personal challenge to it and responded very well. We knew it was going to be a tough environment coming over today with Senior Day and a lot of pride on that field, but our guys withstood that first quarter charge. I thought that second quarter became the tell of the game when we stayed on track offensively, made some defensive adjustments and held them out for the second quarter. That really became the big difference in the game. We had a lot of guys playing with some injuries that were banged up, but they sucked it up and got out there. We’ve got one more SEC game together. I love this team; I love the way they respond and their reaction to adversity. We’re going to enjoy this last week, even though it’s a short week, as best as we can.”

On the high-scoring games with Mississippi State the past two years...

“It’s kind of been one of these games with Mississippi State. Obviously I would like for us to play a little bit better defensively and in certain areas, especially down there in a tight red zone area. Again, the way football has evolved and the way the rules are set up, it’s an offensive game. We’ll make some changes during the offseason to make sure we’re a bit more solid and can try to put some pressure on the quarterback and make him make some decisions.”

On quarterback Austin Allen’s mindset and performance tonight...

“I brought him in last spring and told him the same thing I told his brother and the same thing I’ve told every quarterback that’s ever played for me: quarterbacks and head coaches get way too much credit when you win and way too much blame when you lose. The difference is, I applied for this job and get all the ramifications of it. But as a quarterback, I just thought he took too much blame. I said, ‘It’s alright to take blame, but don’t go in there and take everything on your back. Other people have to help you out.’ I thought Tuesday’s practice he was exceptional, and Wednesday he was really, really good. And today, it was really fun to watch him. A couple of those first throws, he stepped up and threw strikes. Some of them were second progression and third progression throws, and it just shows the caliber of player he is.”

On Mississippi native tight end Grayson Gunter...

“We don’t have many guys from Mississippi, just [Grayson Gunter] and an offensive lineman we left back home that’s redshirting, but Grayson had that play over here. I asked him on Friday, ‘How many tickets are you getting?’ I think he had ten here, but he goes, ‘You know coach, all my family has tickets anyway.’ I just wanted to make sure they were all wearing Razorbacks colors. He’s a great kid, and to see him have that great play in the first quarter was huge. It was a fun day for a lot of us.”

MISSISSIPPI STATE PLAYER QUOTES

November 19, 2016

Arkansas vs. Mississippi State

QB – Nick Fitzgerald – So.

On having six offensive touchdowns, but not getting a victory...

“We had drives that could have been plays and scored more points to win the game. It is a team effort. We just came up short.”

On how much the offense put it on their backs to help the team in the second half...

“Halftime we told everyone to give their all and do all they possibly could. At the end of the game, if they could leave satisfied with their efforts then great. Whatever happens, happens. As a whole team, we kind of took a deep breath and said ‘okay, let’s go play.’”

On if he was satisfied with his efforts...

“There is always more we could do. We could always do better. Missed opportunities, missed plays, missed reads, missed throws, missed blocks; we have a lot to work on, still. We have a big week coming up. That is what we need to focus on.”

WR – Fred Ross – Sr.

On how frustrating the outcome of the game was...

“Yeah, it was frustrating because we are all competitors and we all want to win the game. We didn’t make those plays to get us over that hump and they did, so congrats to them.”

On how much the offense took it upon themselves in the second half to keep the team in the game...

“It’s the same as the first half. We want to go out and score every drive. When we came out that second half, I think everyone played hard and we kind of made some plays.”

On what happened during that second quarter stretch...

“I don’t know. I mean, they made some plays on defense. Simple as that. They got off a block and we didn’t make a block; something as simple as that. Props to those guys.”

DB –Kivon Coleman– Sr.

On what emotions are going through his mind right now...

“I am hurt. I am sad we had to go out like that, but we gave it all we had and we came out short so it hurts. A lot.”

On what Arkansas did that kept them out of position all night...

“I think it is more of what we’re not doing. We had guys not lining up right, guys with their eyes in the wrong place; things that we can’t do against an SEC team. They are a great team and things like that we just cannot do.”

ARKANSAS PLAYER QUOTES

November 19, 2016

Arkansas vs. Mississippi State

LB – Brooks Ellis – Sr.

On beating Mississippi State for the first time in his career...

“It felt awesome. It was a great team win. It was good to come here and beat them on their Senior Night. We finally beat them.”

On the performance of Rawleigh Williams III ...

“That was incredible. He really put the team on his shoulders and stepped up. He had an incredible game. It was awesome to watch.”

On winning an SEC game after losing the previous week...

“We are resilient. We keep bouncing back. Once we lose a game, we come back and practice hard. We keep working hard for the next game. That is what we have to do for the rest of the season.”

QB – Austin Allen – Jr.

On the outcome...

“It has been a long time since I can remember beating Mississippi State. We knew if we came out, executed and played with an edge that we would come out victorious. I thought offensively we really came out. We prepared well all week and really took the field today and executed.”

On Rawleigh Williams III...

“We always try to set up the run to get everything else. We saw that it worked with him. The running lanes were great. The offensive line blocked really well. Rawleigh hit the hole hard all day. They played their tails off today.”

On the performance of his receivers...

“Those guys have played their tails off the past week and I knew I had to play well this week. Hats off to all of the guys because they got open for me. It was a great team win all around.”
