HEAD COACH BEN HOWLAND

October 22, 2017

Nebraska vs. Mississippi State

Opening Statement...

"I thought that was a really good opportunity for us to play against a Power 5 conference team. Again, I cannot thank the University of Nebraska and their basketball program enough for what they did to come down here and help us raise money. Half of it will go to people in Mississippi and half of it will go to relief for Hurricane Irma. I am just so appreciative of Coach Miles, Bill Moose, Mark Main and their team. It helps us so much. Now our guys can see that we have a lot of things we need to improve on to be the kind of team we want to be. We have had 15 days of practice. It gave us a chance to see that KeyShawn Feazell is really going to help this program. That was a bright point. I thought E.J. Datcher was an incredible bright point. I thought Eli Wright was an incredible bright point. I am really excited for those three and how they play. It is all about effort. In the first half we were too stretched out defensively. The second half we played much better. The first half we took too many quick shots, which fueled their offense. If you are coming down and only passing the ball four or five times in a half and you're down 16 there is a correlation, there. They were 8-14 at half, we were 0-6. Our shot selection was not good. This will be good for our team. We will have two days off. I wish it was only one, but it is two. We will come back Wednesday and Thursday. Then we travel and play another really good Power 5 on a neutral site in Texas Tech. These games are really important for our team in terms of learning and understanding. I thought Lamar got tired today and that is understandable. He has literally missed two months where he wasn't doing a whole lot. You can see he has to get in better shape. Our conditioning as a team has to get better, period. It wasn't just Lamar. A lot of guys got tired. Aric Holman got exhausted out there, specifically in the first half when he played 14 minutes. Eli Wright is in the best condition on the team. He played 25 minutes and played good defense, had good decision making, shot the ball well. Really excited about Eli Wright. I am really excited about a lot of our guys. We missed a lot of open threes. Q late in the game that could have cut it to two. We missed free throws. We shot 62% from the foul line. We gambled way too much defensively. We have to become way more solid with less gambling defensively. Over all I thought this was a great experience for our team as we grow and get ready for our season opener on November 10th. Today is the 22nd of October, it is around the corner. The game is 19 days away. We have two more games. The one Saturday against Texas Tech in Fort Worth and one against West Florida on November 2nd. This will make our practice better because our guys will get to see what they need to do better and improve on. We cannot even watch the film with them until Wednesday. That is how restricted these rules are. They can always come in and watch it on their own. I'm sure some of the guys are going to want to come in and do that. "

On E.J. Datcher...

"He missed four months. And you have to remember, he was really green when he got here last year. He is from the smallest little 1-A or whatever it is in Alabama. To go from there to the SEC was a big jump for him. I was really excited about his activity today and his ability to shoot the ball. He did get a couple quick fouls. We have got to get him working on becoming a better

screeener. I thought he did some good things. He is definitely improving. He played 19 minutes today. I hope it is a trend.”

On the crowd today...

“Our crown was great. Please make sure you mention that. I was so thankful to the crowd for being here today on such quick notice. This game officially came together on Wednesday. It is Sunday afternoon, so that’s great. To have people give and raise money for this cause was really nice. I am just so appreciative of everyone that was here today.”

HEAD COACH TIM MILES

October 22, 2017

Nebraska vs. Mississippi State

Opening Statement...

“We are happy to be here. It was important for us to be here, like we said in our pregame. Ben [Howland] and I talked about being here for something bigger than just basketball. No team was really prepared for today as we could see, but at the same time it was great to be able to go out and compete. You don’t get this level of athleticism and talent in practice. It thought it was really important to come down and play against Mississippi State and find out what we are made of. I thought we played a very good first half. I think they kind of got their heads down and we were able to extend the lead until they came charging back. I thought we fought them off for a good while. The run that concerned me the most was down to 13, when you’re on the road and you’re up 13 and it’s still just 13, that like four or five possessions. We had a stretch from eight minutes to three minutes where we had two bad shots and four turnovers. That’s where they really got up their intensity and we did not perform. That is going to be our learning from this game, but we were here for a bigger cause and we are happy to be here.”

On giving each other practice tapes...

“We sent practice tapes to each other. No one was out to trick anyone. We just wanted a respectful game so the fans could enjoy it and for the players to be confident in what was going on and play hard against each other. So yeah, we traded a bunch of information.”

On how much he learned on tapes compared to actually watching MSU play...

“I think the level of athleticism you see on tape, you don’t get. You know they are quick, but it is hard to simulate that in practice. He has a lot of talent and I think every team starting a new year has to learn how to win. They have some exceptional young talent, and these Power Five leagues are tough. I have been an NAIA coach, I’ve been Division II coach, I’ve been a Division I independent coach, a mid-level coach, now I am in a Power Five coach. If you are weak in any area, like youth, they will just destroy you. Every team has to find a way to win. We do a certain drill that is timed and they have to do a certain amount of things, and sometimes they get it and sometimes they do not. Sometimes when the time is close, they get all jumpy. We played exactly like they do in that drill. So we have to learn to overcome that. What do we have to do and who is going to be the person that settles us down and leads us. I saw a very talented and athletic team. I think those perimeter guys are really good and they will shoot the three better than that.”

MISSISSIPPI STATE PLAYER QUOTES

October 22, 2017

Nebraska vs. Mississippi State

C – E.J. Datcher – So.

On the improvement of his jump shot and how it has developed over time...

“Last year it was okay, but this year I had to put in a lot of work so coach could actually trust me. It is just a lot of work everyday to improve.”

On his confidence level now...

“It is up there. It really is up there.”

On Coach Howland’s thoughts of his game and practice yesterday...

“In yesterdays practice, I felt good with my shots. Well, I then came out in warm ups and I was hitting a lot shots, so I was having a lot of confidence. That led to having confidence on my shots today during the game.”

F – KeyShawn Feazell– Fr.

On what it was like being out in front of the crowd for the first time...

“It was great. I, of course, was nervous in the beginning, but I just got out there and started feeling better. I got my feet wet so that helped.”

On how long it took for him to feel comfortable in the game...

“I would say it was the second possession when I felt okay.”

On the communication between him and Coach Howland on playing time...

“We have not talked much about it. He just said be ready.”

G – Eli Wright– So.

On what sparked the team in the second half to get back in the game...

“It was really just defense. That is something that coach really keyed in on a lot, to have defense, put pressure on the ball and to just get in on our defenders. Stuff like that is what really helps.”

On what did the team learn defensively...

“Really just that we have to play hard the whole game. Instead of coming out in the second half and that is something we slacked on a lot last year. We always came out the second half, but we have to come out with energy the first half too.”
