## 2019 SEC Football

### SATURDAYS IN THE SOUTH: A HISTORY OF SEC FOOTBALL

The SEC Network and the Southeastern Conference will begin its celebration of the 150th anniversary of college football with the debut of the first episode of the epic series Saturdays in the South: A History of SEC Football on Tuesday, September 3, at 9 pm ET.

As part of the ESPN Films' SEC Storied series and ESPN's College Football 150 initiative, the SEC Network will carry the eight-part, 12-hour film, presented by Regions Bank, over the course of eight consecutive Tuesdays.

Directed by Peabody and Emmy winner Fritz Mitchell, this multi-part documentary will tell the tale of the SEC from its very beginnings to its powerful present.

Featuring interviews with more than 100 SEC figures past and present such as Peyton Manning, Joe Namath, Herschel Walker and Bo Jackson, as well as Steve Spurrier, Vince Dooley, Les Miles and Nick Saban, the film will chronicle the progression of teams, heroes and traditions while examining a deeper narrative of the South and its history. The indelible moments of nearly 90 years of SEC football encompass the larger journey of the region and span across the evolution of America as well.

"The Southeastern Conference is pleased to partner with ESPN Films and the SEC Network to produce Saturdays in the South: A History of SEC Football, which will coincide with the celebration of college football's 150th anniversary during the 2019 season," SEC Commissioner Greg Sankey stated. "Saturdays in the South weaves together unique storytelling, interviews with many of the SEC's legends, historic photos, film and video in an enduring film series that will capture the attention of the millions of passionate fans who have helped shape the SEC's legacy, traditions and success."

## OTHER OUTSTANDING PERFORMANCES LAST WEEK

**FELIPE FRANKS, QB (Florida)** -- Franks pushed the Gators to their second win of the year on Saturday after throwing for 250-plus yards in consecutive games for just the second time in his career, completing a career-high 25 of his 27 passes for 270 yards and two touchdowns. Franks completed his first 15 passes of the night, as the 15 consecutive completions to open the game was the third-longest streak in Gators history behind only Chris Leak (17) and Steve Spurrier (16). Additionally, he completed a career-long 69-yard touchdown pass to Van Jefferson, marking the longest passing play of both their careers. At the conclusion of Saturday's game, there have been 27 occurrences of a QB throwing 25 passes for at least two TDs without an interception, but Franks' 92.6 percent completion percentage (25 of 27) is by far the highest among them.

**JORDAN GRIFFIN, S (Kentucky)** -- Big-play performer in Kentucky's 38-17 win over Eastern Michigan, totaling an interception, quarterback sack and two pass breakups...His interception and 15-yard return in the second quarter set up a field goal...When EMU drove to the UK six-yard line in the second quarter, he had a pass breakup and quarterback sack on consecutive plays to force a field goal attempt.

**SCOTTIE PHILLIPS, RB (Ole Miss)** -- Rushed for 143 yards and two touchdowns in leading Ole Miss past Arkansas...His 26-yard score with six minutes left in the fourth quarter iced the win for the Rebels...Totaled a career-high 26 carries.

**KYLIN HILL, RB (Mississippi State)** -- Hill dazzled again rushing for 123 yards on 14 carries with one touchdown. He averaged 8.8 yards per carry and snapped Southern Miss' 15-game streak of not allowing a 100-yard rusher in the 38-15 win. According to Pro Football Focus, 91 of Hill's 123 rushing yards came after contact, and he logged nine avoided tackles. Hill now leads all Power 5 players in rushing on the year, averaging 160.0 yards per game. With 123 yards Saturday, Hill joined former RB Vick Ballard as the only MSU players with 100+ rushing yards in each of the first two games of a season since the 1999 season. Hill's 320 yards are the third-most rushing yards in the SEC through the first two game of seasons since 2010, trailing only Georgia's Todd Gurley (2014) and LSU's Leonard Fournette (2015).

**RYAN HILINSKI, QB (South Carolina)** -- The true freshman made his collegiate debut in a start on Saturday against Charleston Southern, leading the Gamecocks to a 72-10 rout of the Buccaneers... He connected on each of his first 12 passes to eight different receivers and finished the day 24-of-30 for 282 yards and two touchdowns with one interception. He delivered a long pass of 60 yards for a touchdown. The Gamecocks set a school record for yards in a game with 775, the fifth-highest in SEC history.

**BRENT CIMAGLIA, PK (Tennessee)** -- Cimaglia drilled four field goals, including a career-best-tying 51-yarder, in Tennessee's 29-26 double overtime loss to BYU on Saturday night. ### THIS IS SEC FOOTBALL

- For the 12th time in the last 13 seasons, a team from the SEC has now advanced to the national championship game. The SEC has won nine of those 12 contests, with two of the losses coming in the game's final seconds.
- The SEC sent four teams to New Year's Six bowl games for the first time in 2018, only the second time in the College Football Playoff era a league has accomplished that feat.
- Since Florida in January 2009, five different teams from the SEC have played for the national championship. Four of those five have multiple appearances and at least one victory since 2007.
- Not counting games versus each other, the SEC is 6-3 all-time in College Football Playoff games, playing in four of the five CFP Championship Games (winning two of the five).
- The SEC Championship on December 1 was the most-watched and highest-rated regular-season college football game on any network in seven years with a 10.1/23 rating/share and 17.5 million viewers. It also marked the second most-watched SEC Championship ever in 26 years since the game debuted in 1992.
- Six of the Top-10 rated bowl games last season involved a SEC team, including three of the Top 5.
- The SEC is 82-51 (.617) in bowl games since 2006, the only FBS league with a .600 or better winning percentage and 23 wins more than the next closest conference.
- The SEC has now won 32 games in the last five postseasons and has sent no less than eight teams to post-season bowls in each of the last 12 seasons.
- Teams from the SEC have posted 77 wins in the last 11 seasons against non-conference Top 25 teams (at time game was played), an average of seven wins per season.
- In the five seasons of the College Football Playoff era, only four programs nationally have been ranked No. 1 in the weekly CFP Top-25 Poll (which begins in late October each year) — three of those four programs are from the SEC.
- Eight different SEC teams, six from the SEC Western Division, have made BCS/New Year's Six bowl game appearances since 2006: Alabama, Arkansas, Auburn, Florida, Georgia, LSU, Ole Miss and Mississippi State.
- With Georgia and Alabama both earning victories in the CFP Semifinals in 2017, the national championship game featured two SEC teams for the second time in the last eight seasons.

## 2019 SEC FOOTBALL VIDEO REPLAY

### THE OBJECTIVE

To allow for specific types of officiating calls to be immediately reviewed during all games hosted by SEC teams.

### THE COACHES' CHALLENGE

The head coach may challenge the ruling of any reviewable play. He retains a challenge if his initial challenge is successful and thus results in a reversal by the replay official. The head coach will then have a single challenge that he may use anytime during the game if his team has not used all its timeouts. Thus a team may have a total of two challenges in the game, but only if the first results in a reversal of the on-field ruling. A head coach may not challenge an on-field ruling if all of the team's timeouts have been used for that half or extra period.

### THE SOURCE

All reviewable video comes direct from either the television network broadcasting the game or other TV production facilities that meet established conference standards and the coach's high end zone and high 50 yard line cameras. The coach's video is also made available to the TV producer. The Southeastern Conference has used instant replay since 2005.

### THE PLAYS

#### Scoring Plays

Reviewable plays involving a potential score include:

- A potential touchdown or safety. [Exception: Safety by penalty for fouls that are not specifically reviewable with the exception of the location of the passer when an intentional grounding foul results in a safety.]
- Field goal attempts if and only if the ball is ruled (a) below or above the crossbar or (b) inside or outside the uprights when it is lower than the top of the uprights. If the ball is higher than the top of the uprights as it crosses the end line, the play may not be reviewed.

#### Passes

Reviewable plays involving passes include:

- Pass ruled complete, incomplete or intercepted anywhere in the field of play or an end zone.
- Forward pass touched by a player (eligible or ineligible) or an official, including whether the touching is behind or beyond the line of scrimmage.
- Forward pass or forward handing when a ball carrier is or has been beyond the neutral zone.
- A forward pass or forward handing after a change of team possession.
- Pass ruled forward or backward when thrown from behind the neutral zone.
  - If the pass is ruled forward and is incomplete, the play is reviewable only if the ball goes out of bounds or if there is clear recovery of a loose ball in the immediate continuing football action after the loose ball or if the ball is out of bounds. If the replay official does not have indisputable video evidence as to which team recovers, the ruling of incomplete pass stands.
  - If the replay official reverses an incomplete forward pass ruling and the ball is recovered, it belongs to the recovering team at the spot of the recovery and any advance is nullified.

#### Dead Ball and Loose Ball

Reviewable plays involving potential dead balls and loose balls include:

- Loose ball by a potential passer ruled a fumble.
- Loose ball by a passer ruled incomplete forward pass when there is clear recovery in the immediate continuing action after the loose ball.
  - If the replay official does not have indisputable video evidence as to which team recovers, the ruling of incomplete pass stands.
  - If the replay official rules fumble, the ball belongs to the recovering team at the spot of the recovery and any advance is nullified.
- Live ball not ruled dead in possession of a ball carrier.

# 2019 SEC Football

---

d. Loose ball ruled dead (Rule 4-1-2-b-2), or live ball ruled dead in possession of a ball carrier when the clear recovery of a loose ball occurs in the immediate continuing football action.

1. If the ball is ruled dead and the replay official does not have indisputable video evidence as to which team recovers, the dead-ball ruling stands.

2. If the replay official rules that the ball was not dead, it belongs to the recovering team at the spot of the recovery and any advance is nullified.

e. Ball carrier's forward progress, spot of fumble, or spot of out of bounds backward pass, with respect to a first down or the goal line.

f. Catch or recovery of a fumble by a Team A player other than the fumbler before any change of possession during fourth down or a try.

g. Ball carrier in or out of bounds. If a ball carrier is ruled out of bounds, the play is not reviewable, except as in Rules 12-3-1-a and 12-3-3-d.

h. Catch, recovery or touching of a loose ball by a player in bounds or out of bounds.

i. A loose ball touching on or beyond a sideline, goal line, or end line, touching a pylon, or breaking the plane of a goal line.

j. Catch or recovery of a loose ball in the field of play or an end zone.

k. Forward fumble that goes out of bounds with respect to a first down.

l. Live ball declared dead under Rule 4-1-2-b-2 and b-3 (inadvertent whistle).

## Kicks

Reviewable plays involving kicks include:

a. Touching of a kick.

b. Player beyond the neutral zone when kicking the ball.

c. Kicking team player advancing a ball after a potential muffed kick/fumble by the receiving team.

d. Scrimmage kick crossing the neutral zone.

e. Blocking by Team A players before they are eligible to touch the ball on an on-side kick.

## Targeting

a. All targeting fouls shall be reviewed. The review includes all aspects of the targeting foul. For a Targeting foul to be confirmed, all elements of the Targeting foul must be confirmed. There is no option for stands as a part of the Targeting review. If any element of the Targeting foul cannot be confirmed, then the Replay Official shall overturn the targeting foul.

b. The Replay Official may create a targeting foul, but only when the targeting action is clear and obvious and the foul is not called by the officials on the field. Such a review may not be initiated by a coach's challenge.

## Miscellaneous

Situations that may be addressed by the replay official:

a. The number of players on the field for either team during a live ball.

b. Clock adjustment and status when a ruling is reviewed.

c. With less than one minute in either half and a replay review results in the on-field ruling being reversed, and the correct ruling would not have stopped the game clock, then the clock will be reset to the time the ball is declared dead by replay. The referee will subtract 10 seconds from the game clock and the game clock will start on the referee's signal. Either team may use a team timeout to avoid the runoff.

d. Clock adjustment at the end of any quarter. If at the end of any quarter the game clock expires, either during a down in which it should be stopped by rule through play when the ball becomes dead or following the down upon a request for an available team timeout, the replay official may restore time only under these conditions:

1. The replay official has indisputable video evidence that time should have remained on the game clock when the ball became dead or when the team timeout was granted;

2. In the second and fourth quarters only, the team in possession when the ball became dead would next put the ball in play from scrimmage (not the try);

3. In the fourth quarter only, either the score is tied or the team that will next snap the ball is behind by eight points or fewer; and

4. The replay official's video evidence includes the timeout signal by an official in the case where the game clock should have stopped for a requested team timeout.

e. Correcting the number of a down.

1. This includes the result of a penalty enforcement that includes an automatic first down or loss of down.

2. The correction may be made at any time within that series of downs or before the ball is legally put in play after that series.

f. Any person who is not a player interfering with live-ball action occurring in the field of play (Rule 9-2-3).

g. An injured player at the initiation of the medical observer.

## Limitations on Reviewable Plays

No other plays or officiating decisions are reviewable. However, the replay official may correct egregious errors, including those involving the game clock, whether or not a play is reviewable. This excludes fouls that are not specifically reviewable (Reviewable fouls: Rules 12-3-2-c and d, 12-3-4-b and -e and 12-3-5-a).

## Reviewable Fouls

The following plays are reviewable and the replay official may create a foul when there is no call by the on-field officials:

a. Player making a forward pass or forward handoff when beyond the neutral zone or after a change of possession.

b. Player beyond the neutral zone when kicking the ball.

c. Blocking by Team B players before they are eligible to touch the ball on an onside kick.

d. The number of players on the field for either team during a live ball.

e. Illegal touching of a forward pass by an originally eligible receiver who has gone out of bounds.

f. Player who is out of bounds touching a free kick that had not been touched inbounds.

g. Forward pass that becomes illegal as a second pass after an on-field ruling of a backward pass is reversed.

h. A clear, obvious and egregious targeting foul.

## THE PROCESS

Each SEC football stadium has a secured replay booth equipped with the HD Instant Replay system provided by DVSport. Three individuals work in the booth for the duration of the game: 1. Replay Official, 2. Communicator, 3. Technician. The Replay Official and the Communicator are selected and assigned by the Conference Office.

A live HD video feed is sent directly to the replay booth from the TV truck. The Technician watches the feed on an input monitor while recording it into the DVSport Replay System. The Technician also marks the beginning of each play while the Communicator marks all incoming replays.

Each play and subsequent replay then appears on a touch screen in front of the Replay Technician. As the Technician and the Communicator mark the incoming video, each view will appear as a small picture on the computer touch screen. At any time, the Replay Technician can touch the thumbnail and immediately send that play or replay to the Replay Official.

With the Communicator's assistance, the Replay Official can quickly jump between replays while playing back the video. All replay video navigation is done via a jog shuttle remote controlled by the Replay Official. All video is viewed on an HD monitor that sits in front of the Replay Official. The touch screen is only used to select the replays and to log specific play data in the event a call is overturned.

While all plays are reviewed between the whistle and the beginning of the next play, the Replay Official can stop play on the field by using a pager system. Seven of the eight on-field officials wear pagers. If play is stopped the Referee announces on the stadium PA microphone that play has been stopped so the previous play can be reviewed. The Referee then proceeds to the sideline headset, which provides direct communication to the Replay Official in the booth. Once the play has been reviewed, the Replay Official notifies the Referee, who then announces the decision on the stadium PA system.

## RECENT ADDITIONS

\*For the 2016 season, the SEC will utilize the new experimental rule that allows personnel in a separate secure location identified by the conference to assist the Instant Replay Official at the stadium in making decisions. The SEC will locate 3 Instant Replay Officials in the SEC Video Center each week to collaborate with the onsite Replay Official during any replay stoppage. The 3 Replay Officials in the Video Center will have real time video and communications with the Replay Official in the stadium to aid in this collaboration. The goal of this process will be consistency in decision making and to help avoid incorrect outcomes.

\* Monitors may be used to view a live telecast or webcast in the football coaching booth. The home team is responsible for assuring identical television capability in the coaches' booths of both teams. This capability may not include replay equipment or recorders.

\* If at the end of any quarter the game clock expires, either during a down in which it should be stopped by rule through play when the ball becomes dead or following the down upon a request for an available team timeout, the replay official may restore time only under these conditions:

1. The replay official has indisputable video evidence that time should have remained on the game clock when the ball became dead or when the team timeout was granted;

2. The team in possession when the ball became dead would next put the ball in play from scrimmage;

3. In the fourth quarter only, either the score is tied or the team that will next snap the ball is behind by eight points or fewer; and

4. The replay official's video evidence includes the timeout signal by an official in the case where the game clock should have stopped for a requested team timeout.

## THE EQUIPMENT

Each SEC member institution uses the new multi-view HD Replay System developed by DVSport. The replay systems are maintained by the home institution with technical support from DVSport.
