## **DAN MULLEN QUOTES**

**Nov. 1, 2014**

**Arkansas vs. #1 Mississippi State**

### **Opening Statement:**

“What a football game. Great battle against two very good football teams. As coaches, we all know how hard it is to win in this league. That was a huge win for our team tonight against an excellent Arkansas football team. Fortunately we were able to make one more play there at the end of the game. Our guys are finding ways to win, and that’s all that matters.”

### **On quarterback Dak Prescott’s second-half performance:**

“He was a little bit more relaxed in the second half. He knows we have great confidence in him. He expects to make plays. The great thing about him is that he’s going to study the film and learn from it and not make mistakes a second time.”

### **On stopping Arkansas in the red zone:**

“I thought both offenses moved the ball and both defenses stopped them in the red zone. Both defenses have played well in the red zone all year. I’m proud of our guys. We made stops when we needed to make stops at the end.”

### **On defensive back Will Redmond:**

“Will is playing very well and he plays aggressive. He’s a smart young man. I think he really studies the game and wants to be a great player. He has a great work ethic, and you see that on the field. His number was called (tonight) and he went out and made a play.”

## MSU PLAYER QUOTES

Nov. 1, 2014

Arkansas vs. #1 Mississippi State

### 15 – DAK PRESCOTT – QB

#### **On his touchdown pass being a potential “Heisman moment”:**

“We had to make a play, and the line did a good job and held up. I just got out of the pocket and Fred Ross got open. That could be a Heisman moment for him but I didn’t do much there.”

#### **On what was said a halftime:**

“We just had to relax. We knew it was going to be a good game. We knew we were playing a good team. Although we were down, we weren’t worried about. We just had to come out and play our offense.”

#### **On a tough win:**

“It means a lot. It’s good for the team and it’s good for everyone to fight adversity. This is the type of game we needed to have.”

### 13 – JOSH ROBINSON – RB

#### **On his one-handed catch:**

“It just came to me. It isn’t anything too big for me.”

#### **On taking away the run:**

“Everyone in the country is going to try to take the run away. We just have to stay focused and do what we do.”

#### **On trailing double digits for the first time this season:**

“Throughout the season we are going to have to face adversity, and that just shows you what kind of team we are. If we just keep playing Mississippi State ball, we’ll be fine.”

### 96 – CHRIS JONES – DL

#### **On struggling with stopping the run:**

“We had to fix some things on defense. It was good to adjust and be able to play our football.”

#### **On rushing the quarterback:**

“They brought the tight end in strong and we were on the rush and everyone was double teamed so it made it more difficult.”

## **BRET BIELEMA QUOTES**

**Nov. 1, 2014**

**Arkansas vs. #1 Mississippi State**

### **Opening Statement:**

“Unfortunately, we came out on the wrong end of another really close game. Give a lot of credit to Mississippi State. They’re a very, very good football team and are deserving of their number one ranking. They came to play like our guys did too. We just did too many things against ourselves. We preached all week about this game being about Arkansas, which is kind of crazy to think about when you’re playing the number one team in the country, but that’s the way our guys are wired and that’s the way they will be wired from this point forward. We just didn’t have enough of what you need to finish these things out. But that shows the resiliency that our guys have. At this point it’s almost numbing to be so close and not be able to come out on top with one of these opportunities. We’ll take a bye week and get a little bit better, get healthy, and nobody will attack these last three games like the Arkansas Razorbacks. Good opportunities in front of us, but I wish we could have had this one today.”

### **On Arkansas’ game plan to stop Mississippi State:**

“We felt that if they could run the ball, that they would be able to have success. We tried to make them play a little left-handed. We thought that if we could make them throw, we would be able to take advantage of some opportunities. I thought our guys did that very well in the first half. That one scoring drive they had in the first half, we had a little bit of a miscue as well. Again, it’s 11 guys playing defense, but they found that one guy who missed the call. It was a deep ball in the second half. (Our) guy didn’t get the call and wasn’t in his deep third and the result is a touchdown.”

### **On Dak Prescott:**

“He’s a very good player; he’s a physical quarterback, and I think that’s a very rare combination. He can run the football. He’s a guy that’s got good awareness out there on the field. He always comes up with a play. It seemed like we were just right there a couple times to sack him, and he just got the ball off in the nick of time.”
